

Environmental Policy Statement

M55 endeavours to meet its responsibilities in terms of protection of the environment. We aim to:

- Reduce our carbon emissions.
- Minimise adverse impact on the environment resulting from our activities.
- Monitor and continuously improve our environmental performance.
- Maintain an effective travel plan.

Policy

- The managing director will provide adequate resource to fulfill this policy.
- The directors will set and review environmental objectives for the business.
- M55 will train staff as appropriate to make sure they understand their responsibilities in respect of this policy.
- M55 will meet the requirements of environmental legislation as relevant to our services and activities.
- During provision of our services with the client consider environmental issues with a view to positively influencing decisions.

Commitment

I am committed to this policy and to implementation of high standards of environmental awareness across the business. We expect our staff, directors, contractors and sub-contractors to share this commitment and to work together with us to achieve it.
