

Health & Safety Policy Statement

M55 endeavours to meet its responsibilities for the health and safety of all staff by complying with the relevant health and safety standards, legislative and other requirements.

General

M55 is committed to the continual improvement of our health & safety management system with the aim of the prevention of injury or ill health. The directors expect all staff, visitors, contractors and sub-contractors to comply with M55's policies and procedures.

We will:

- Consult with and involve any staff in matters relating to their own health and safety.
- Provide instruction, training and supervision as necessary.
- Provide, manage and maintain a working environment that is, as far as reasonably practicable, safe and without risk to health.
- Provide adequate and appropriate facilities for welfare at work.
- Provide, manage and maintain equipment and systems of work that are, as far as reasonably practicable, safe and without risk to health.
- Make the arrangements to deal with an emergency.
- As far as reasonably practicable, identify and assess risks and seek to identify measures to eliminate or control these.
- Aim to keep up to date with best practice in relation to health and safety.
- Set health and safety objectives and review these on a regular basis.

Commitment

I am committed to this policy and to implementation of high standards of health and safety across the business. We expect our staff, directors, contractors and sub-contractors to share this commitment and to work together with us to achieve it.
